147; according to its supporters, the 145; bullet train 146; will solve transportation woes, aid the environment, and boost the state economically, all for only 68 billion

if untreated cholera is fatal in 30-50 of cases
also, as a man, i'm fucking insulted that she thinks that calling out spousal abuse is demeaning to men
sending billions in equipment and training in exchange for wide access to mexican law-enforcement agencies and intelligence.
